

## WHY LOAN OFFICERS CHOOSE TO WORK WITH US

We won't allow insurance to delay your closing.

We are aware of the importance of debt to income ratios, and we position our policies to make the deal work.

Our business model allows us to have the best pricing AND coverages so clients aren't left with holes/gaps in their policy.

Long after the deal closes, we will be there to support the client, and they will be glad that you referred us.

We are **BUILT** for the mortgage industry.
